## EDUCATION

### SR University

Warangal, India | Sep 2023 - Apr 2027

B.Tech in Computer Science - AI & ML

CGPA: 7.1/10

Coursework: Computer Architecture, Machine Learning, Data Structure Algorithms, Object-Oriented Programming, Operating Systems, Network Security, Computer Vision, Python, Java

## TECHNICAL SKILLS

Languages: Python, Java

Tools & Frameworks: Git, MySQL

Web Development: HTML, CSS, JavaScript

Databases: SQL, MySQL

Coursework: Data structures and Algorithms, DBMS, Operating Systems

## PROJECTS

NEURO SEMANTIC GRAPH USING EMOTION DETECTION 📄 Python, Nlp Libraries(NLTK,spacy), GitHub

- Developed a model that maps semantic relationships in text and integrates emotion detection to enhance contextual understanding. Implemented NLP techniques for sentiment/emotion analysis and graph-based representation for improved knowledge extraction and decision-making.
- The system detects emotional tones and semantic relationships to visualize how emotions influence language structures, aiding in deeper sentiment and behavior analysis.

### GPS Tracker System

- Designed and implemented a GPS-based tracking system to monitor real-time location of vehicles, equipment, and individuals.
- Integrated GSM & GPS modules for accurate data transmission and retrieval.
- Enhanced safety and monitoring by providing real-time location updates with accuracy up to a few meters.
- Technologies used: GPS Module, GSM Module, Microcontroller, Sensors.

### Amazon clone

- Designed and developed a front-end e-commerce platform using HTML, CSS, and JavaScript. Implemented product catalog, search functionality, shopping cart, and user authentication to replicate core Amazon features. Built a responsive UI for seamless experience across devices and optimized page styling with CSS. Integrated basic checkout flow to simulate order placement. Enhanced code structure for scalability and user-friendly navigation.

## CERTIFICATIONS

- AWS Academy Graduate - AWS Academy Cloud Foundations (Apr 2025)
- CCNA: Data Analytics Essentials (Dec 2024)
- Microsoft Certified : Azure AI Fundamentals
